What our exhibitors have been saying.....

Orbiter has exhibited at the US Trail Running Conference each year for the last three years. Each time we have gained a positive return on investment. This is because the attendees are dedicated industry professionals coming from a well educated background with serious industry focus. You can will find top professionals and elite athletes at the Conference. We look forward to next year’s conference where Old-growth forests of the Pacific Northwest store more carbon per unit area than any other biome, anywhere on Earth.

GO Sleeves - The US Trail Running Conference was an incredible opportunity for GO Sleeves to meet and learn from a diverse community of runners. Thank you for the invitation and a weekend of meaningful conversation and networking with the trail running community.

Ape Sportswear was a first time exhibitor at the 2021 Trail Conference. Trail running is a great fit for our apparel, as we offer UV25 and UV50 performance athletic shirts. In addition to this organic fit of exhibitor and conference was this year's theme of trail running being a restorative, and inclusive, sport. Since there was also featured speakers discussing safety on the trail, for ALL racers, Ape Sportswear was also in alignment with this year's theme as we feel that our UV protection event shirt plays an important role in keeping racers safe as well. All around, a win, win, win for us as we placed in an educational arena for Terry to stir the pot and facilitate growth, openness, heightened spirit, collectiveness, inclusivity, and respect for outdoor trail running...and all participants! **Eric Alexon, Sales Director, Ape Sportswear**

"Thank you for having me out Terry! I had to boogie before lunch but I'm really glad I attended--lots of good connections were had." **Porter Bratten, Evergreen Trail Runs & Orca Running**

"I wanted to say thank you for hosting an amazing trail conference. I made great connections and would love to be more involved in the future conferences." **Kim Field, All Things Fun Sports!**

"You won't be disappointed by attending this amazing conference that provides a gathering of industry leaders, race directors and trail runners from around the country and across the globe to share ideas, educate and learn about all relevant subjects in this sport from diversity and inclusion to the importance of sustainability and ongoing ecological responsibility in the sport. I've attended many running conferences and this one is the warmest and most welcoming of all.

This is a conference you can attend alone and when you leave you've made many new friends that will welcome you into one big family of conference attendees. Many kudos to Terry Chiaplin, founder and promoter for working to make this happen. Hope to see you in October!" **Paulette Odenthal, Run the Ritter, and RRCA MN state representative**
